

PARKVIEW LEGACY FOUNDATION

CORE OPERATIONS AND CAPACITY IMPACT GRANT

The Parkview Legacy Foundation Core Operations and Capacity Impact Grant Fund exhibits the trust we have in our funding partners by allowing awardees to use these flexible grant dollars in ways that make the best sense to support their work. We recognize that this type of support is relatively rare; therefore, organizations may intend to use the unrestricted grant funding it receives from Parkview Legacy Foundation to cover costs not typically provided for by other funders.

Grant Application: The Parkview Legacy Foundation would like to assist prospective applicants to prepare for submission of the Core Operations and Capacity Impact Grant Application. The Foundation is publishing the narrative prompts and document upload requests in the application process to inform organizations about the requirements early in the process and allow for planning and information retrieval.

Grant Review Priorities: Parkview Legacy Foundation will evaluate each grant application submission based on the organization's objectives that address the four focus areas of housing stability, social mobility, whole health accessibility, and integrated solutions, and the impact they will have specifically in the catchment area defined by the California Attorney General as the following zip codes: 92501, 92503-92509, 92521, 92551, 92553, 92555, 92557, 92879-92882, 91752, 92518, 92860, 92570, 92571.

Core Operations and Capacity Grant Application Narrative

The purpose of the following application questions is to help us understand the overall goals your organization is trying to achieve through your work, so that we can discern the direct and indirect outcomes our support will be contributing toward. We encourage you to state specific goals that the requested Impact Grant funding will help you accomplish when possible. In some cases, the funds provided by Parkview Legacy Foundation will not be used directly to achieve any of the advancements, outcomes, or community impacts you describe in your application. If a question does not apply to your situation, simply let us know.

Note: Narrative responses are not confined by word limitations to allow applicants to provide a thorough and complete answer to each question. We do, however, encourage applicants to be organized, succinct, and brief in their responses.
